Cerebral Palsy: Panel Discussion

7th MARCH 2019 Time: 03:30 -05:00 pm
INTERCONTINENTALCITY STARS, CAIRO

Collaborating for a better tomorrow

We each of us have come across a child with cerebral palsy, not only as professionals but also in our personal lives.

Understanding the diversity and complexity of the needs of these children, and believing that the early, correct and multidisciplinary catering to these needs can and will result in a better quality of life to patients, their families and to society at large; we are honoured to be able to bring together the experts on care of a child with cerebral palsy, in the hopes we can deliver foreground state-of-art inter-specialty integrated knowledge on this very important and common condition.

Panel Experts

Prof. Yasser Awaad

Professor of Pediatric Neurology,

Prof. Sahar Hassanein

Professor of Paediatric Neurology,
Ain Shams University

Prof. Walid Abdel Ghany

Professor of Neurosurgery,
Ain Shams University

Prof. Mahmoud Mahran

Professor of Orthopedic Surgery,
Ain Shams University

Prof. Dalia Ezzeldin

Professor of Physical Medicine & Rehabilitat,
Ain Shams University

Panel Moderators

Dr. Shaymaa Ahmed Maher

Lecturer of Pediatric Neurology,
Ain Shams University

Dr. Raghda Zaitoun, MD

Lecturer of Pediatric Neurology

Syncope: Panel Discussion

8th MARCH 2019 Time: 09:00 -10:00 am
INTERCONTINENTALCITY STARS, CAIRO

Syncope in Pediatrics is often neuro cardiogenic mediated and usually has a natural history of spontaneous resolution. Despite being an uncommon problem, however up to 20% of all children will experience at least one episode of fainting before the end of adolescence. What are the causes of Syncope?!, What are the red flags of Syncope!?? When and to whom should u refer and how to investigate?!

All these questions and more will be discussed with the most eminent pioneers of pediatrics in our Syncope panel

Panel Experts

Prof. Alyaa Kotby

Professor of Pediatric Cardiology
Ain Shams University

Prof. Eman Zaky

Professor of Pediatric psychiatry
Ain Shams University

Prof. Iman Elagouza

Professor of Pediatrics Pediatric Neurology Consultant
Ain Shams University

Moderators

Dr. Mennatallah Shata

Lecturer of Pediatric Neurology
Ain Shams University

Dr. Michael Nabil

Assistant Lecturer of Pediatric Neurology
Ain Shams University
